EMPLOYMENT

- 2019– **Massachusetts Institute of Technology**, Cambridge, MA
Associate Professor, Program in Science, Technology, and Society
- 2012–2020 **Indiana University**, Bloomington, IN
Associate Professor, School of Informatics and Computing
Affiliated Associate Professor of Law, Maurer School of Law (2015–present)
Adjunct Associate Professor, Department of History
- 2005–2012 **Indiana University**, Bloomington, IN
Assistant Professor, School of Informatics and Computing

EDUCATION

- 2014 **Yale University**, New Haven, CT
M.S.L. Master of Studies in Law
Yale Law School
- 2005 **Massachusetts Institute of Technology**, Cambridge, MA
Ph.D. History and Social Study of Science and Technology
Program in Science, Technology and Society
- 1997 **Princeton University**, Princeton, NJ
B.S.E. Electrical Engineering
Certificate in Women's Studies

RESEARCH INTERESTS

My research uses technology as a means to understand historical processes and I combine history, technology studies, and Latin American studies in my writings. My first book, *Cybernetic Revolutionaries: Technology and Politics in Allende's Chile*, tells the history of the Chilean Cybersyn Project, an early computer network designed to regulate Chile's economic transition to socialism during the government of Salvador Allende. I use the Cybersyn history to illustrate how political innovation can spur technological innovation; the ways that political projects shape the design, function, and use of computer systems; how computers have been used historically to bring about structural changes in society; the limitations of data-driven decision making; and how technologies can help us understand the nuances of historical change. My current book project, *Bones and Lives: Making and Unmaking Truth After Dictatorship*, studies how government officials in Chile, members of multiple scientific communities, and members of a public affected by human rights crimes used science and technology to make knowledge of an uncertain past legally definitive and the effects of scientific error on truth and reconciliation processes. Science and technology serve as a lens through which to learn more about Chile's democratic transition, how nations today address histories of mass atrocity, and the effects of these actions on the broader citizenry. I am an affiliated fellow of the Information Society Project at Yale Law School, member of the *Hispanic American Historical Review* editorial board, member of the academic council of the AI Now Institute at New York University, and member of the executive council for the Society for the History of Technology.

CREATIVE SCHOLARSHIP

- 2005 "Making Things Public—Politics After Politics", Originator and designer of the *Opsroom* installation, ZKM Center for Digital Art and Media, Bruno Latour and Peter Weibel curators, Karlsruhe, Germany, March 20 - October 3. Installation singled out for review in the *European Association for the Study of Science and Technology (EASST) Review*.
- 2003 "The Other September 11: An Exhibit of Photos," Photographer and co-coordinator, MIT Wiesner Art Gallery, Cambridge, MA, September 11-October 18, 2003.

RESEARCH AWARDS

- 2019 Abbott Payson Usher Prize (awarded by the Society for the History of Technology for "the best scholarly work published during the preceding three years under the auspices of the Society.")
- 2016 Amsterdamska Award (given by the European Association for the Study of Science and Technology for "the most creative collaboration in an edited book in the broad field of science and technology studies.")
- 2014 Honorable Mention, Book Prize of the Recent History and Memory Section of the Latin American Studies Association.
- 2012 Edelstein Prize (awarded by the Society for the History of Technology "to the author of an outstanding scholarly book in the history of technology published during the preceding three years.")
- 2012 Computer History Museum Prize (awarded by SIGCIS "to the author of an outstanding book in the history of computing broadly conceived, published during the prior three years.")
- 2011 Outstanding Junior Faculty Award, Indiana University, Bloomington (recognizes "the achievements of junior faculty who have devoted considerable time to the teaching and service missions of the University as well as developing a nationally recognized research program" and who "show promise of achieving great distinction as scholars or artists").
- 2007 IEEE Life Members' Prize in Electrical History ("recognizes the best paper in electrical history published during the preceding year").
- 2001 MIT Siegel Prize (awarded to the best student paper of the year in the history, philosophy, and social studies of science and technology).
- 1997 Second place, IEEE Region 1 Student Paper Contest.
- 1996 AT&T Scholar Award (given by Princeton to "an undergraduate who displays strong academic performance, potential for professional growth, and excellence in extra-curricular activities").
- 1995-1997 NAMEPA Certificate of Merit in Engineering.

EXTERNAL FELLOWSHIPS AND GRANTS

- 2015-2017 Scholar's Award, National Science Foundation, \$224,171.
- 2013-2014 Resident Fellow, Information Society Project, Yale Law School.
- 2012-2015 New Directions Fellowship, Mellon Foundation, \$299,990.

- 2012-2013 Conference Grant, National Science Foundation, \$30,000.
- 2012 Fulbright Senior Specialist Grant to teach in the Department of Computer Science at the University of Chile.
- 2009-2011 John E. Sawyer Seminar on the Comparative Study of Cultures, Mellon Foundation, \$144,035 (co-PI).
- 2007-2008 Scholar's Award, National Science Foundation, \$70,375.
- 2003-2005 Dissertation Improvement Grant, National Science Foundation, \$12,000.
- 2003-2004 Tomash Fellowship in the History of Information Processing, Charles Babbage Institute, \$12,000.
- 2003-2004 Mellon Fellowship for Dissertation Research in the Humanities and Original Sources, Center for Library and Information Resources (awarded and declined).
- 2002-2004 Graduate Fellowship, Dibner Institute for the History of Science and Technology, Massachusetts Institute of Technology.
- 2001-2002 International Predissertation Fellowship, Social Science Research Council and the American Council of Learned Societies.
- 1997 GEM M.S. Engineering Fellowship for graduate studies in Electrical Engineering (awarded and declined).
- 1994 Society for Hispanic Professional Engineers Scholarship.
- 1993-1997 Armed Forces Communications Electronics Association (AFCEA) John F. Skinner Scholarship.

COMPETITIVE INTERNAL FELLOWSHIPS AND GRANTS

- 2018 Individual Research Award, IU Institute for Advanced Study, \$3,000.
- 2015-2016 New Frontiers in the Arts and Humanities Grant for Creativity and Scholarship, \$39,090.
- 2015-2016 MIIRT Short-term Faculty Fellowship, \$20,000.
- 2014-2015 New Frontiers in the Humanities Exploratory Research Grant, Office of the Vice Provost for Research, \$3,000.
- 2012 Workshop Grant, Office of the Vice President for International Affairs, \$4,000 (co-PI).
- 2012 College Arts and Humanities Institute Grant, \$8,000 (co-PI).
- 2012 Workshop Grant, Institute for Advanced Study, \$7,000 (co-PI).
- 2012 Multidisciplinary Ventures and Seminars Grant, Office of the Vice Provost for Faculty and Academic Affairs, Indiana University, \$5,000 (co-PI).
- 2011-2012 Research Grant, Outstanding Junior Faculty Award, Indiana University, \$14,500.
- 2011-2012 Research Grant, Women in Science Program, Indiana University, \$7,700.
- 2010-2011 Research Grant, Center for Applied Cybersecurity Research, Indiana University, \$17,000 (co-PI).

- 2010-2011 Multidisciplinary Ventures and Seminars Grant, Office of the Vice Provost for Faculty and Academic Affairs, Indiana University, \$2,500.
- 2010-2011 Research Grant, Women in Science Program, Indiana University, \$7,000.
- 2009 Travel Grant, Overseas Conference Fund, Office for the Vice President for International Affairs, Indiana University, \$450.
- 2009 Travel Grant, Center for Latin American and Caribbean Studies, Indiana University, \$250.
- 2008 Research Travel Grant, Center for Latin American and Caribbean Studies, Indiana University, \$1,000.
- 2007 Summer Faculty Fellowship, Indiana University, \$8,000.
- 2000 Provost's Fellowship, MIT School of Humanities and Social Science.
- 1997-1998 Merit-based Graduate School Fellowship, awarded by the University of Maryland, College Park, Department of Electrical Engineering (completed one year of Master's coursework in electrical engineering).

OTHER POSITIONS

- Academic Council, AI Now Institute, New York University, 2017 – present.
- Affiliated Fellow, Information Society Project, Yale Law School, 2014 – present.
- Research Associate, School of Informatics, Indiana University, Bloomington, 2004 – 2005.
- Oral Historian, MIT Oral History Project, 2000.
- Historical Consultant, MIT Laboratory for Computer Science, 1998-1999.
- Electrical Engineer, Department of Defense, 1997-1998.

INTERNATIONAL APPOINTMENTS

- Visiting Professor, Universidad Diego Portales, Department of History, Chile, 2015.
- Visiting Professor, Universidad de Ibagué, Department of Systems Engineering, Colombia, 2015.
- Visiting Professor, Universidad de Chile, Department of Computer Science, 2012.
- Visiting Scholar, Universidad de Chile, Department of Industrial Engineering, 2001 – 2002.
- Visiting Scholar, Pontificia Universidad Católica de Chile, Department of Political Science, 2001 – 2002.
- Visiting Student, Universidade de São Paulo, Brazil, Winter 2002.
- Visiting Student, Universidad de las Américas, Ecuador, Summer 1999.

INVITED KEYNOTES, PLENARIES, AND NAMED LECTURES

- 2019 Plenary panel, Training Humans Symposium, Fondazione Prada Osservatorio, Milan, October 26.
- 2019 Keynote, “Tecnología, justicia y Estado en América Latina: reclamos de verdad y tecnologías para la identificación forense tras la dictadura en Chile,” Seminario Ensamblando saberes, derechos y artefactos, Universidad de los Andes Facultad de Derecho, Bogotá, August 9, 2019.
